

The image is a detailed architectural site plan for a demolition project. It features a large central area marked with red diagonal hatching, labeled 'COUPE DE' in green. To the right, there is a blue hatched area labeled 'Bâtiment réception' and a red hatched area labeled 'Aire de stockage'. A yellow hatched area is labeled 'Terrassements et aménagements des flux d'exploitation'. A small pink hatched area is labeled 'Démolition Locaux administratifs'. The plan includes various technical details such as elevations (e.g., 0.7m, Niv -1.5m), dimensions, and street names like 'Rue Anatole France'. Handwritten in pink at the top left is the text '— Flux des ouvriers'. On the right side, there are labels for cranes: 'GRUE G2 Flèche 60M' and 'GRUE G1 Flèche 65M'. The plan also shows a 'COUPE DE' line and a 'Niv -1.5m' level.
